VITICULTURAL CONSULTANT - DUNCAN MCNEILL

### MOMOKA DARK - TASTING NOTE

We ran the press slightly differently on this one. First we macerated it for a bit longer, then we pushed it a bit harder for more extraction which gives it a more intense flavour, and a softer palate. Again, it's 100% barrel-fermented, with 8% of that coming from our wonderful, now third-fill Damy puncheon barrel that we've used for The Cut and The Cantillon. It's dark. Not existential crisis dark - but we're getting there.
